ACCESSORIES

Spare Needle Sets

RRI-4007VL / VL303-C:
28 needles

Part number	Description
RRI-4007 VL-6X28-NEEDLES (413.2128)	3mm Chisel Tip needle 6 cartons of 28
RRI-4007 VL-1X28-NEEDLES	3mm Chisel Tip needle 1 carton of 28

Vibration Control

A selection of our tools are fully equipped with a range of vibration reducing design features for smoother operation and greater comfort. By selecting a vibration controlled option, you not only decrease any potential health risks to your tool operators, but you could also massively increase your productivity levels. The vibration control feature increases the length of time the tool can be used before current ELV & EAV levels are reached.

Vibration Control

Many of our products are dust extraction ready so can be directly connected to your dust extraction unit. Other tools in the range require an optional dust extraction shroud. Using dust extraction not only creates a cleaner safer working environment, but will extend the life of the cutter or grinding media & increase the speed a work area is completed.

ACCESSORIES

Dust Extraction Shroud

Part number	Description
RRI-4007 VL-DS (418.3003)	Dust extraction shroud

Service Kit

Part number	Description
RRI-4007 VL-SKIT (446.3003)	Service Kit

Chisels

Part number	Description
704.3101	19x178
704.3103	64x178
